

tropical wholefoods

**BURSTING
with flavour!**

tropical wholefoods

Tropical Wholefoods aim to win lasting markets for farmers in developing countries. Working with ethical businesses, we pay fair prices in advance, share useful technology and develop and market farmers' products. Our purchases bring in household income and allow farmers to invest in their villages, schools, livestock and land.

Our range includes: Fairtrade dried mango, apricots, pineapple, chewy and bogoya banana, three flavours of apricot kernels and four types of mushrooms. We also make Organic and Fairtrade snack bars which are packed full of fruity, nutty goodness.

You can **buy Tropical Wholefoods** from health food and fair trade shops, Oxfam, Boots, Morrisons, Tesco and our website. To find out more about our work, give us a ring on 0845 258 2782.
